

Anually more than 71,000 North Texas adults learn to live daily with the effects of stroke, traumatic brain injury, or brain cancer. BIND: Brain Injury Network of Texas provides tools and a bridge of support to adult brain injury survivors so they can reconnect into life, the community, and the workplace.

BIND's vision is to lead the DFW area in providing member-driven services and serve as the model for Brain Injury Clubhouses across the state of Texas. BIND's services join the gap between medical rehabilitation and independent, contributing community living. At BIND, brain injury survivors are Members, not 'patients'. Through the Clubhouse Model, BIND empowers members to maximize their strengths and provides a necessary link in the recovery process.

At the BIND Clubhouse, the core of the model is an emphasis on person-centered programming – allowing each brain injury survivor to regain a sense of control by choosing how they interact with and engage in a work-ordered day. Members manage daily Clubhouse activities, gain work skills and address appropriate social behaviors. They also build physical /cognitive endurance through wellness activities and challenges, increase self-esteem, and develop skills necessary to live more independently. BIND's services and overall goals are to reduce the severity of depression, increase the return to gainful employment or productive community volunteering, and improve quality of life for those living with brain injury and their families.

In 2020 BIND created virtual services in response to the pandemic. We continue to provide support and engagement through online programs. Our Plano Clubhouse is open 5 days a week and our Fort Worth Clubhouse will open in Q1 2022. Expansion of our services are helping reach more families across DFW.

We invite you to join BIND as a Clubhouse Partner. Your investment will provide ongoing recovery services and a bridge of support for adult brain injury survivors and their families.

Clubhouse Partnership includes customized benefits that are tailored to your company's priorities. Whether you seek brand visibility, broader community engagement, or employee participation, BIND will work with you to create Partnership benefits that fit your preferences.

The BIND Clubhouse is typically open Monday through Friday. In addition, we have special events year-round that involve BIND members at all project levels. Our Clubhouse Partners are invited to be involved with these events as desired. The events and opportunities are in Plano, Fort Worth (starting in 2022), and online.

BIND Clubhouse Partners are recognized in our programs, special events, communications, and community activities year-round. Examples include Birthday Party in February, Synapse Laps in March, and our Gala in the fall. Clubhouse Partner benefits for events are tailored based on investment level and your preferences. Contact Tara Judd Longley, Development Director at 214.868.3186 or tara@thebind.org for information and to begin customizing your partnership experience with BIND.
